Here is an updated spreadsheet and category breakdown (new additions in red). Big thanks to Vince for going through and correcting the categories! Looks like at some point the category column stopped synching with names, so many were mismatched. The same thing happened with the "source" and "notes" columns so I'm going back and making sure they're correct... will send another updated spreadsheet when that is done but I figured you would want this info now.

Sure, will update now. I'll delete the in-person tab since I don't think we need it anymore and can add in Vince's changes when we get them.

Hi Liz,

I can't remember if I asked this or not. But I sent the latest version of the registration form with updates through Sunday 12:18 pm. I think I've captured some of the people that registered after that but don't have that form saved on my flash drive here at home. Could you add them? There are a couple of special cases. For example, I asked Scott Jensen from ACC to register and his entry in the mail file will be for remote but he is confirmed as attending in person. I can't recall the other cases. Where we have allowed other last minute changes, I have manually changed that on the registration spreadsheet.

I have not been updating the in-person tab, only the Non-EPA and the EPA tabs have been updated over the weekend.

Vince has also indicated that he has some edits on the categories (i.e., States, Legal, etc). We can pass that along when he shares it.

Thanks,
Samantha
